

Introduction

Elite Access Systems, Inc., introduces the Hercules Overhead Gate Operator, designed for high traffic parking lots. This model is capable of continuous unlimited operational cycles per day.

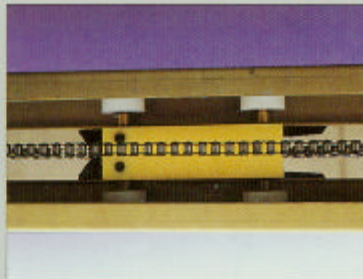

Hercules is carefully engineered to operate without any vibration or noise, unlike any other overhead gate operator on the market. For instance, it is equipped with gear box, lubrication by oil bath gives smooth & very quiet operation compared with out-dated belt drive operators. Furthermore, it is equipped with noise isolators in order to prevent any possible vibration or shock.

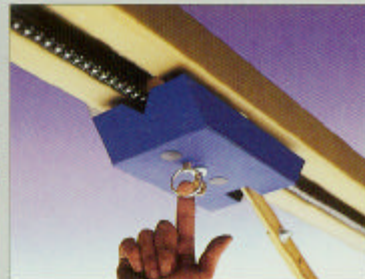

MODULAR BOARD EQUIPPED WITH TIMER, REVERS. SENSOR, & SHUT-OFF SYSTEM.

EQUIPPED WITH GEAR BOX & RUBBER ISOLATORS.

TROLLEY ASSEMBLY DELIVERS EXTREMELY SMOOTH & QUIET OPERATION.

EMERGENCY RELEASE. EQUIPPED WITH SECURITY KEY.

Motor - 1/2 hp Leeson motor is able to operate continuously with overload motor protection.

Gear Box - 40 to 1 ratio, lubrication by oil bath gives smooth, quiet operation & features positive gate locking.

Noise Isolator - Heavy duty rubber attachments isolate vibration, absorb shock & eliminate noise.

Two Way Reversing Sensor - Can be set for close/open cycles. While closing, if the gate hits an object it reverses; while opening, if it hits an object it stops, then it resets itself automatically.

Alarm System - Alarm activates anytime the moving gate is physically stopped by an unwanted object.

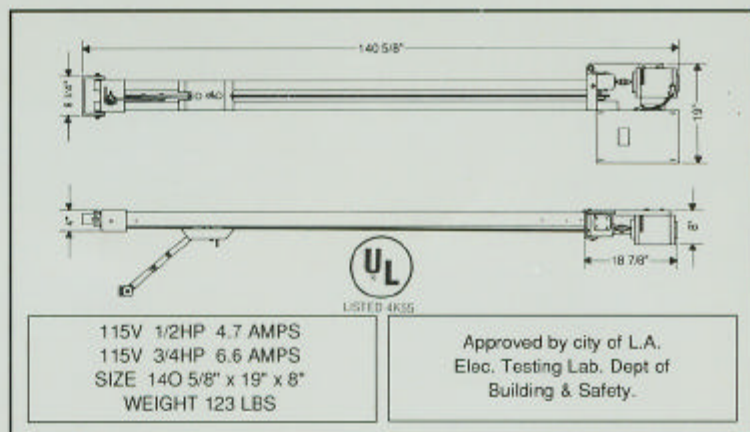

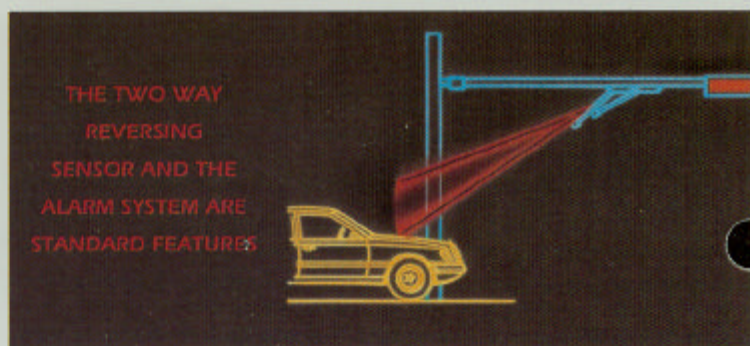

Modular Electronic Control Board - All electronic parts are on a single board.

Ball Bearing Supports - All wear points run on full ball bearing supports for a long, quiet life.

Trolley Assembly - Chain drive trolley assembly operates on 6 UHMW wheels to eliminate noise, shock & vibration.

Finishings - All metal parts are gold-zinc plated for rust-proof purposes.

Emergency Release - In case of power failure, it can be easily disconnected by a security key.

3 YEAR WARRANTY

Elite Access Systems, Inc., warrants the Hercules gate operator to be free of defects in workmanship and material for a period of 3 years from the date of purchase. The warranty includes 3 years for gear reducer & electric motor, 2 years for electronic board & motor capacitor and 3 years for all other components. Wear and tear on Hercules are included in this policy. However, vandalism is not covered under the warranty policy. Caution! In order to obtain 3 years warranty, send the registration card by certified mail within 90 days from purchasing date at Elite Access Systems. Otherwise, you will obtain only a one year warranty.
